

FIPRESCI Database Update 23/12/2016

Please answer all the questions even if there's no change in the data!

This update is necessary because there have been lots of changes to the Association's data of which FIPRESCI might not be aware. According our Statute, each Association must provide the Federation regularly with updated information on its members and its national board, on changes to its statutes and other essential items. In particular, each Association must inform the Federation bi-annually on its main activities (Article 10).

Since this is the first major update in the FIPRESCI database in 15 years, we kindly ask all the Associations to answer all the questions. In countries where two associations form our National Section, both associations are kindly asked to fill the update the form. After filling the pdf form, don't forget to save it and send it with your current statute (rules and regulations) to the e-mail address membership@fipresci.org. Deadline: 30th January 2017.
